WEARABLE ART

An unusual exhibition of wearable art by sculptor Caryl Picker is on display at Retzignac Jewelry Designers, #8A Via Parigi on Worth Avenue.

Many of the pieces can be displayed as sculpture or worn as jewelry. The work is executed in 22-karat vermeil on silver, with semiprecious stones.

As a counterpoint, a mini-exhibition of Picker's sculpture in bronze and silver provides insight into her jewelry designs.

A champagne reception Thursday and Friday evenings celebrated the opening of "Wearable Art." Invited guests included Princess Sybil de Bourbon Parme, Claire and Roy O. Chalk, the Nathan Applemans and Claudia and Nelson Peltz.

The pieces will be at Retzignac Jewelry Designers through Feb. 23. For further information call 832-2240.
